New Business

- Measure J applications are available for Neighborhood Organizations. There are several million dollars available. Rick suggested we apply for a grant to landscape the median strips that runs along Avenida Caballeros and Racquet Club; a grant to retrofit gas and waterlines was also suggested; underground power lines were suggested; fence replacement between the park and school was suggested.
- At our September meeting it was agreed that we would honor board member Scott Kennedy for all of his hard work and dedication to Racquet Club Estates Neighborhood Organization. Scott was instrumental in getting the organization off the ground and has been an extremely active board member ever since. Scott has worked tirelessly on many projects from coordinating the reception (cooking most of the food himself) for our first home tour to grilling hamburgers at our first picnic. He has coordinated the selection of the homes for several of our extremely successful home tours and has acted as our resident historian. In addition to all of this he has walked and driven every inch of the neighborhood documenting areas of need and participated in counting and mapping out all of the street signs for our sign blades. Scott is a much-loved member of our board, our neighborhood and Palm Springs. He was awarded a plaque and a cash grant.

Picnic

The meeting was adjourned at 11:10 AM and everyone was invited to eat from a potluck buffet that in this reporter's opinion was by far the best selection of food we have ever had at our annual picnic.
